Our Experience

Annuityexperts.com was started by a 35 year veteran of the annuity/ insurance industry. Our president, Bob Affronti, has spent over 20 years of his career in various insurance company positions. Most recently as the National Annuity Director for a multi-billion dollar insurance company. Bob's company experience along with over 10 years as an independent producer brings our client an informed, professional and unbiased selection of products offered only by top rated carriers.

Independence

Annuityexperts.com is not affiliated with any particular insurance company. We are completely independent and will provide to our clients an unbiased review of the annuity marketplace. This unbiased approach makes linking the best product to a specific client's needs more possible due to the extensive product line offered through our many different companies.

Best Products

All our staff members are trained to give the clients the best possible offers in the marketplace. We accomplish this by constantly monitoring company rate changes to make sure we have the top quality competitive products that our clients deserve. Our motto is Quality - Integrity - Expertise. We take this very seriously! AnnuityExperts.com will only represent excellent and superior rated companies.

Service

At AnnuityExperts.com we believe in old fashioned service. We know what you expect when it comes to service and we deliver. Remember those good old days when people cared - well, at Annuity- Experts.com we still care - call us, speak to a live person (an annuity expert) someone who cares about your business.

Consumer Confidence

We want our customers to feel confident about their annuity and us. We will be happy to explain all aspects of the annuity to you and how to safely purchase an annuity over the internet.
